

Tombill Mines Announces Appointment of Liam Ruddy as Its New Chief Financial Officer and Issues Options
Toronto, Ontario--(Newsfile Corp. - January 25, 2022) - Tombill Mines Limited (TSXV: TBLL) (OTCQB: TBLLF) (the "**Company**" or "**Tombill**"), is pleased to announce that it has appointed Mr. Liam Ruddy as its new chief financial officer.

Mr. Ruddy replaces Tom Rowcliffe, who steps down immediately. Tombill would like to thank Mr. Rowcliffe for his contribution to the Company and wishes him well with his future endeavours.

Mr. Ruddy is a chartered management accountant with 39 years' experience, including 10 years in a UK listed gold mining company where he was instrumental in taking this from a junior explorer into commercial production. He has held senior financial positions in large and mid-size companies and Liam's experience in accounting and finance are complemented by his commercial exposure to precious metals royalties.

Adam Horne, CEO stated, "We are very pleased to have Liam onboard. His valuable experience and leadership in high-growth resource companies further strengthens the Tombill management team at an exciting time in its history."

Liam Ruddy added, "Tombill is a company at the start of its journey with considerable project potential; this makes it a really good time to be joining as its new CFO. There is a great story to write as the Company continues to establish a gold resource and footprint on its own property, following that which has already been established at the neighbouring world class Hardrock project. I am happy to be joining an already established team of professionals with the aim of furthering the business objectives and creating significant shareholder value in the future."

Pursuant to the Company's stock option plan, 700,000 incentive stock options ("**Options**") exercisable at \$0.07 per share for a period of 3 years have been granted to Mr. Ruddy. Subsequent to the issuance of the Options, the Company has a total of 10,523,135 options outstanding with a further 6,771,210 available for issuance.
